JUST SAY NO

• Version: « Non, non, non et non » • **Collection: « Just Say No »**
[DVDA179-S01] 26 x 2 minutes | 1988 | \$DVD A: /300 — \$DVD B: /160
Cat: Animation, Security and Prevention

Sometimes strangers ask too many questions. Sometimes they offer rides home from the playground or give candy from car windows. Using a light-hearted approach, this animated series illustrates positive ways kids can react in situations that make them feel uneasy. When something doesn't feel right, they can ... just say no!

TIDBITS FOR TODDLERS

• Version: « Mine de rien » • **Collection: « Tidbits for Toddlers »**
[DVDA125-S01] 40 x 2,5 minutes | 1992 | \$DVD A: 169/445 — \$DVD B: 69/240
Cat: Security and Prevention, Children and Youth

Are toddlers too young for TV? Absolutely not. They love TV, as parents know, and this series tells stories in their special language. This lively program focuses on the joys of life, like the warmth of a smile and the beauty of flowers. Little ones learn how to welcome a new baby into the family and how to play at the park, see how much fun it is to visit Grandpa or go swimming at the pool. Whether it's a story about cherishing pets or dealing with bruises, toddlers can't wait to enjoy these cheery episodes again and again.

AUGUSTINIANS, BODY AND SOUL

• Version: « Augustines, corps et âmes »

[DVDA199-001] 1 x 63 minutes | 2010 | \$DVD A: 235/ — \$DVD B: 90/

Cat: *Nursing, Quebec History, Religion, Women, O, Biography, Quebec History*

Nearly four centuries have passed since the Augustinians founded the first hospital in New France. They are still here, in the heart of Old Quebec City, but not for long. This film portrays their remarkable contribution to the founding of the colony and in the development of our society culturally, spiritually, and medically. The Augustinians established 12 convent-hospitals throughout the province, laying the foundation of what would become Quebec's hospital care system.

Cat: Food

Nutritional inequalities, pollution caused by intensive farming, new illnesses provoked by industrial food – the food domain is at no loss for challenges in the future. How will we feed 9 billion people in 2050? Will we go from being simple consumers to real actors in terms of food?... This episode will reveal the ways in which our eating habits will be revolutionized : vegetable proteins, urban farming, connected supermarkets, personalized food, new flavor experiences and more. Featuring a special guest appearance by Alain Ducasse, a 3-star chef in the Michelin guide.

Cat: Sexuality

Sex is no longer a taboo subject. At the beginning of the 21st century, an active sex life is even an indicator of success. Watching pornography, using accessories, indulging in masturbation or even having multiple partners - all of these practices have become common & uninhibited. What will pleasure be like in 2050?... This episode will reveal how new technologies will put an end to all sexual taboos, bring couples closer together, and bring a better awareness of our bodies, our pleasure, and our sexual desires.
